## SERVICE WAS FINE

THAT OF DR. REUBEN A. TORREY  
AT THE TABERNACLE  
LAST NIGHT.

## TWO THOUSAND PERSONS THERE

"Who is the Wise Man?" Was the  
Evangelist's Subject, and It  
Was Presented in a Truly  
Masterful Manner.

The opening service of Dr. Reuben A. Torrey held last evening at the tabernacle made it very clear to the executive committee that the seating capacity of the temporary building is not any too much. Dr. Torrey acknowledged that as a rule a city of this size generally had four or five thousand people at the Sunday services. Last evening a conservative estimate would place the attendance at something over two thousand. It was quickly discovered also that the men who had come to lead this movement were not men of a small or cheap character. When Professor Charles Butler sang at the commencement even the ministers were astonished at the richness and effectiveness of his vocal work.

The large chorus choir was quickly brought under his control and the hymns, though new, were greatly appreciated. The first half hour of the meeting was in the nature of a song service, led by Mr. Butler, after which Dr. Carlos opened the meeting with prayer.

Rev. D. M. Claggett called the attention of those present to the following services: Two services in the tabernacle daily, one in the afternoon and another at night; morning local prayer meetings to be held every day in about ten or twelve homes, as mentioned in another part of the Democrat-Sentinel, and Saturday was announced for the rest day.

At this time Rev. Harold Cooper was called upon to introduce the Rev. Reuben Archer Torrey, of Chicago. Mr. Cooper said that the story of the great world wide revival was a story that was remarkable for the quality of its leadership. In Dr. Torrey the movement found a worthy head, and as the meetings in Japan, China, New Zealand and Australia were held by these evangelists the reports were astonishing even to the most hopeful.

At Melbourne alone there were 8,642 conversions reported. Then as they came to Great Britain the results were even more remarkable. In London alone about 17,000 people publicly acknowledged Christ as their Savior. With such a record of Christian activity, Dr. Torrey needs no introduction to any audience composed of reading people. His reputation has preceded him, and then Mr. Cooper called upon the doctor to address the audience.

To say that Dr. Torrey is a handsome man would not convey the idea. His presence and personality are such as to command respect. With all the precision of a lawyer he spoke on the subject, "Who is the Wise Man?" the answer to this proposition being that the man who seeks to lead men to a knowledge of Christ and a personal Savior.

Four reasons were given showing that this was the wisest purpose of a man's life: 1, Jesus commanded it; 2, it was the great objective point of the Savior's life; 3, the value of a soul; 4, the results for this world and the next.

The vast audience listened with deep interest as the argument was presented almost like a lawyer before a jury, and many of them were wiping tears from their eyes.

The most noticeable feature of the address was the loyalty to the Bible shown. Every proposition was backed by Scripture and could not be refuted. Space will not permit the Democrat-Sentinel at this time to speak of the splendid solo sung by Mr. Butler, mention of which will be made tomorrow, but there is no question that for effectiveness and pathos it is the best which has ever been in this city or its surroundings. As the meeting closed, it was evident that a great movement, the power of which cannot be estimated, has commenced in this part of Missouri.

Will Organize Tonight.

The Rev. S. J. Neiburg, C. P. S., yesterday morning announced a meeting of the young men of the parish at 7:30 o'clock tonight for the purpose of organizing a sodality in the

church. Other matters will also be considered. The Rev. Rudolph Stoltz, the popular assistant pastor, will have charge of the sodality to be organized. A large attendance is expected at the initial meeting tonight.

Made Initial Trip Today.

William Satterwhite, for several years past employed by the Mackey Shoe company, has been appointed traveling salesman for the company, succeeding E. S. Shortridge, who resigned recently to become salesman for the American Disinfectant company.

Mr. Satterwhite made his initial trip to Calhoun today.

Licensed to Wed.

A marriage license was issued today to Emil Mosier, of Syracuse, and Dale King, of Byberry, Mo.

## A GIRL DRANK ACID

BESSIE HILL, AGED 20 YEARS,  
ATTEMPTED SUICIDE  
ON SUNDAY.

## IT WAS CAUSED BY A LOVE AFFAIR

She Was Infatuated With Rex Staats,  
It Is Said, But Her Affections  
Were Not Reciprocated,  
Hence the Rash Act.

Despondent because her sweetheart had deserted her, Bessie Hill, aged 20, attempted suicide by drinking the contents of an ounce vial of carbolic acid at the home of her mother, Mrs. Anna R. Hill, 402 East Third street, between 4 and 5 o'clock Sunday afternoon.

Prompt medical assistance frustrated the girl in her attempt, although her face and mouth were badly burned from the acid.

Dr. E. A. Wood was summoned, and later Dr. K. R. Barnum, the two physicians administering until the patient was out of danger.

Miss Hill had been keeping company with Rex Staats, a son of Dr. and Mrs. E. F. Staats. During young Staats' recent illness with typhoid fever she is said to have made him a daily visit.

The young man recovered from the illness last week, and, according to witnesses, is said to have cast her aside.

After pleading with the young man not to relinquish his affections, the girl went to her home and drank the acid with a view of ending her life.

## CRIMINAL COURT ENTRIES

Those That Were Made On the  
Docket Today.

Oscar Mulkey, a negro charged with rape, was placed on trial before a jury in criminal court today.

Bente & Wilson are defending him. W. A. Collins is assisting H. D. Dow.

The jury consists of the following:

R. M. Scotten, James Sterlin, George J. Autemueler, A. J. Blair, H. S. Tanner, W. B. Myers, J. W. Baldwin, R. M. Ellis, R. E. Bouldin, John Perdue, J. W. Hanley and Hiram McCoy.

Other entries in circuit court are: State vs. Harry Salmon; dismissed at request of prosecuting attorney of Pettis county.

James Reed, given ten years for robbery; defendant files motion for new trial.

Thomas Atkinson, felonious assault, fined \$5 and costs.

## WILL MEET IN SEDALIA

The Missouri Federation of Women's Clubs in May, 1911.

Mrs. Sallie Potter Sneed, president of Clio and a member of Sorosis, was today advised that at a meeting of the executive board of the Missouri Federation of Women's Clubs, held at Carthage on November 3 and 4, the invitation of Sedalia club ladies to the Federation to hold its biennial meeting in this city in May, 1911, had been accepted.

Kansas City and St. Joseph worked hard to secure the meeting, but the invitation of Sedalia was accepted over these strong competitors.

Nine Persons Killed in a Fire. New York, Nov. 8.—Nine persons were killed and nearly a score of employees injured in an explosion and fire in the comb factory of Robert Morrison & Son, on Columbia street, Brooklyn, today.

## CHAS. FLECK DEAD

FOR A LONG TERM OF YEARS HE  
RAN AN ENGINE ON MISSOURI PACIFIC ROAD.

## RETIRED ON ACCOUNT OF OLD AGE

Was Found Dead in His Room This  
Morning, Death Having Resulted  
From Heart Disease—Two  
Children Survive.

Charles Fleck, sr., one of Sedalia's oldest and most highly esteemed citizens, was found dead in bed, attired in his night clothing, by John Isenberg, an M. K. & T. brakeman, at Mr. Fleck's home, 1002 East Third street, about 8 o'clock this morning.

Coroner F. R. Morley was summoned and pronounced death due to heart disease, with which Mr. Fleck had been suffering for some time past.

Mr. Fleck was almost 80 years of age, and for a number of years lived in the second story of his dwelling at the foregoing number. The first floor was occupied by A. H. DeClerq and family.

Mr. Fleck ate his meals at the home of Mrs. Mary P. Hill, 318 South Engineer avenue, and when he did not appear for breakfast this morning at the usual hour Mrs. Hill sent her son to his home to ascertain the cause.

The youth knocked at Mr. Fleck's door, and receiving no response notified the family down stairs. Mrs. DeClerq said she had not seen Mr. Fleck this morning, and John Isenberg, a neighbor, was notified.

Repeated knocks at the door by Mr. Isenberg likewise brought no response, and he broke open the door, finding the dead body.

Mr. Fleck ran an engine on the Missouri Pacific out of this city for a long term of years, and when advanced age caused him to retire he became employed as engine inspector. He retired from that position a few years ago on account of old age.

Mr. Fleck has two living children, Mrs. J. J. Reilly, of Okolona, Miss., and Charles Fleck, residing at Tyler, Texas. They were wired the news of their father's death during the forenoon.

Funeral arrangements will not be made until the children are heard from.

## BURIED ON THE SABBATH

Sedilians Were Present at Interment  
At Boonville.

Will Amick and sisters, Mrs. J. W. Naylor, Mrs. John Bour and Mrs. George Spillers, returned Sunday night from Boonville, where, at 2:30 o'clock last afternoon, they attended the funeral of James Gilbert, formerly superintendent of construction for the Santa Fe railway, who died at Ethel, Mo., Friday.

The services, which were largely attended, were conducted at the home of deceased's mother-in-law. Interment was at Boonville.

## GIVE A KITCHEN SHOWER

For Popular Young Lady Who Is to  
Be Married This Month.

Mrs. J. H. Wolfe will entertain fifty lady friends at her home, Thirteenth street and Ingram avenue, from 3 to 7 o'clock Wednesday evening at a kitchen shower, arranged in honor of Miss Myrtle Higgins, who is to be married to Louis Buckley, an electrician for the Bell Telephone company, the latter part of November.

The program will be informal and at the supper hour refreshments will be served.

## THEY ATE FRIED CHICKEN

And Other Good Things at the Home  
of Mr. and Mrs. Burford.

Miss Mayme Fowler and John Ezell returned Sunday evening from attending the dining given yesterday noon by Mr. and Mrs. B. F. F. Burford at their home, three miles north of the city. Almost two score of guests attended the function, which was universally pronounced one of the most enjoyable ever given in that section.

The menu consisted of fried chicken, with all side dishes, and it was

late in the afternoon when the guests began returning home, pronouncing the affair a grand success.

Garrett Perdue Married.

John Perdue today received information telling of the marriage of his brother, Garrett Perdue, a former Sedalian, to Miss Dora Rhodes, of Elida, N. M., which occurred at that place last Friday.

Mr. Perdue is the owner of a ranch at Elida, and he and his bride are now housekeeping.

Death of an Infant.

A two-months-old son of C. L. Savage, a carpenter, and wife, died from stomach trouble at his parents' home, 1205 South Montgomery avenue, at 3 o'clock Sunday morning. Burial was made in Crown Hill cemetery Sunday afternoon.

## THE PASTORS MET

ALLIANCE HELD A SPLENDID  
MEETING AT THE FIRST  
M. E. CHURCH.

## BOOMING REV. TORREY'S SERVICES

Gigantic Young People's Meeting No-  
vember 19—Mr. W. W. Herold  
to Assume Charge of the  
Tabernacle Offerings.

An enthusiastic meeting of the Ministers' alliance was held this morning.

W. W. Herold was appointed a committee of one to assume charge of the offerings at the Dr. Torrey evangelistic services.

Saturday was decided to be rest day at the services.

Rev. F. Y. Campbell was placed in charge of city prayer meetings to be held at various homes in the city between 10 and 10:30 a. m. daily and from 7 to 8 p. m. daily.

Friday afternoon, November 19, was fixed as the date for a gigantic young people's meeting to be held at the tabernacle, at which meeting three thousand young persons are expected to attend.

The hour for the meeting will be decided later.

Rev. E. H. Williamson and Rev. C. R. Carlos were named a committee to extend invitations to all ministers residing within a radius of one hundred miles of Sedalia to attend a ministers' meeting to be held on Tuesday, November 23, at which meeting Dr. Torrey will speak.

Arrangements were made for shop meetings, college meetings and school meetings, the committee in charge consisting of J. H. Piper for the schools; Rev. A. W. Kokendoffer for the colleges, and Rev. R. C. Miller and Rev. Grant A. Robbins for the shopmen.

## FORMER SEDALIA LADY

Who Is Now Teaching in the Beau-  
mont, Texas, Schools.

The Beaumont, Texas, Examiner of November 3, in its report of the Teachers' Institute in session at that place, includes the following paragraph in reference to a former Sedalia lady:

"Recess Periods, Duties and Opportunities," was then ably presented and discussed by Miss Crissie Guihen.

Miss Guihen was a well known and popular teacher in both county and city schools here, and resigned two years ago to accept a better position in the Lone Star state.

His Eyesight Impaired.

While having a liquid applied to his face for pimples at Billy Fraser's barber shop on Ohio avenue Saturday night a portion of the fluid was accidentally dropped into Warren Pindexter's right eye. The pain was something intense, and Warren has been at Maywood hospital the greater portion of the time since, under the care of Dr. E. A. Wood. The patient is better this afternoon, and hopes to be all right again in a day or two.

Married by Rev. Miller.

Edward Woodring, a Moberly man, at present employed in the Missouri Pacific shops, and Miss Vada Payne, also of Moberly, were united in marriage by the Rev. R. C. Miller at the parsonage of the East Sedalia Baptist church at 6:30 o'clock Sunday evening.

## WON HIGH HONORS

GLENN H. WOODS, SEDALIAN, IN  
THE ST. LOUIS MUSI-  
CAL WORLD.

## SUCCEEDS ROBYN AS ORGANIST

Mr. George L. Faulhaber, Also a Pop-  
ular Former Sedalian, Writes to  
Democrat-Sentinel, Telling  
of the Advancement.

The Democrat-Sentinel is in receipt of the following interesting communication from George L. Faulhaber, a popular former Sedalian, dated St. Louis, November 7:

"Dear Mr. Stanley: As a member of Calvary vestry I know you will be interested in an incident that took place today. Glenn Woods, a Sedalian boy, now teacher of music in McKinley High school, this city, has been honored as the successor of Prof. Robyn as organist and choir master of the Holy Communion Episcopal church.

"I say 'honored' because Prof. Robyn is considered the finest organist and choirmaster in St. Louis, and Holy Communion is one of the largest Episcopal churches.

"Mr. Woods made up his choir in part of the old Calvary choir when he was organist and choir master in Calvary. Mr. and Mrs. David Dodge, Mrs. Kate Hous and Miss Gertrude Faulhaber. Members of the vestry will remember how Glenn Woods was started in music by Calvary vestry, and no doubt will feel proud of his achievement.

"I hope and expect to see him the foremost organist and music teacher in this city."

The St. Louis Star of Sunday had the following in regard to Mr. Woods: "Glenn H. Woods, who for a number of years was instructor of manual training in the high schools of Kansas City, was recently appointed to a similar post in the McKinley High school of this city.

"Mr. Woods is an accomplished musician, and will succeed Mr. Robyn as organist and choir master of the Episcopal Church of Holy Communion, where he is planning to organize and install a boys' choir. He will also conduct the musical work of the Arion club of Webster Groves, an organization of thirty male voices.

"While a resident of Kansas City Mr. Woods directed the Oratorio society, the Kansas City Choral club and the Ladies' Lyric club of that place. He also served five years as organist and choir master of the St. Paul Episcopal church.

"A few years ago Mr. Woods won two of the first prizes offered by the Missouri State Teachers' Association for the best two musical compositions, and at the May festival, held about five years ago, had the distinction of winning first prize for the finest chorus conducting out of fourteen competing choruses, he being the youngest of the competing conductors.

Arrangements were made for shop meetings, college meetings and school meetings, the committee in charge consisting of J. H. Piper for the schools; Rev. A. W. Kokendoffer for the colleges, and Rev. R. C. Miller and Rev. Grant

## THE MODERN CHINA.

In considering the progress of the almost world-wide movement for the protection of forests, an interesting review has just been made of the work in China, a country which is so often cited as an example of the evil effects of deforestation.

In a portion of the Celestial kingdom earnest efforts are now being made to re-establish a forest cover by tree planting. Consul Wilbur T. Gracey, of Tsingtao, China, reports that the Germans in that region are making successful attempts at reforestation. The success of the work was practically assured at the start, for to Germany is given the credit for having the highest developed forestry system, and it was natural to expect that the long experience in forest work in the fatherland would lesson preliminary experimentation and hasten development in China.

When Tsingtao was occupied by the Germans about eleven years ago the hills were found bare and barren, with only a sporadic growth of scrub pine and weeds. Plans for reforestation were at once made, and about 2,965 acres have already been planted. About half of this is planted in acacias, the balance in pine, larch, walnut, oak, ash, maples and alders. So successful has this planting been that the point has already been reached where the sale of timber can be made. Small branches are sold for firewood and some of the timber is used for mining purposes. The sale and exportation of acacia is expected to become a considerable source of revenue during the next few years.

It is particularly remarkable that this work should have been so successful in view of the difficulties to which the plantation was subjected. The rainfall is light and the lack of moisture considerably retarded the development of the trees. By far the worst enemies, however, were insects. Various species of caterpillars and other insects have been so destructive that thousands of Chinese boys and women are now engaged annually to destroy them.

Various measures of prevention have been tried, such as placing

dies of glue on the trees, but these have not been effective and it was found necessary to resort to a systematic destruction of the insects by hand.

During 1908, 7,000,000 caterpillars were gathered by hand, smashed, covered with lime and afterwards used as fertilizer. This method has been successful in protecting the greater part of the plantations, but on the mountains on the border of the territory the trees are eaten bare. Acacias appear to withstand the attack of the insects better than any other species; and the summits of the mountains are now being planted with these trees in an effort to check future destruction.

In addition to these enemies, Chinese thieves are another source of difficulty, and on one occasion a band of thirty-six thieves was captured in the act of stealing wood.

In spite of these drawbacks, however, the work has been so successful that the Chinese government is now undertaking forestry schemes in a number of places under advice from German experts. This work centers about Mukden, Manchuria, where success has already been obtained with acacias and experiments are now being made with other trees. The first Chinese forest school was established at Mukden two years ago. Six hundred and twenty-five acres have already been set apart for cultivation, and 24,710 acres are to be purchased for reforestation.

Three large mines in China, in the provinces of Chihli and Sansi, which are under the management of Europeans are making plans for reforestation, and the Shantung railway is planting acacias along 260 miles of its track.

This, however, is simply a beginning of the work and the Chinese government now has in contemplation the inauguration of extensive reforestation work in different parts of China.

## THE VALUE OF A TRADE MARK.

A trade mark is usually some one particular mark on goods to show their origin, but as a matter of fact, any new, original quality, feature or characteristic of an article of manufacture, if widely made known through advertising, becomes valuable as a trade mark and is protected by the courts, so that one article may have many "trade marks" that belong to it alone. Thus for example, in the case of Cascarets, Candy Cathartics, the name "Cascarets," the expression "Candy Cathartics," the peculiar shape and color of the box, the octagonal tablet, and the letters "C. C. C." on each tablet, all are expressive trade "marks" of that popular medicine, because they indicate their genuineness, distinguish them from imitations and have become universally known to the people.

Many school children suffer from constipation, which is often the cause of seeming stupidity at lessons. Chamberlain's Stomach and Liver Tablets are an ideal medicine to give a child for they are mild and gentle in their effect, and will cure even chronic constipation. Sold by all dealers.

## The Case of Addie Ester.

On her promise to go to work at a local place of business, where she had secured employment, Addie Ester, an inmate of an alleged disorderly house, was discharged by Justice R. G. Leaming today, with instructions.

There is more Cataract in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed remedies and operations, but with little success. Dr. F. J. Chamberlain, Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. There over one hundred dollars worth of pills to be had. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

**Gather the Cold**

In a strict sense you do not catch cold, but rather, the cold catches you. It catches you when your vitality is low, when the circulation is impeded by sudden draughts of cold air, etc.

The right thing to do is to reverse things and catch the cold in the start and stop it before it has you firmly caught. You can do this with OUR COLD TABLETS. They stop colds in the beginning and cure settled colds in one-fourth the usual time. Price 25 cents.

## CURIOSITY

## Leads to Investigation and Truth.

What shall we do to be saved? was the title of one of Röhl, Ingersoll's lectures. People of faith and people of no faith flock to hear it. Thousands are asking, "What shall I do to get rid of dandruff?" The answer is, "Kill the germ that causes dandruff, falling hair and finally baldness; and the only thing that will do it is Newbro's Hericide. That is the very latest discovery of the laboratory, and it is the only preparation that claims to, or that will, kill the pestiferous dandruff. It also is a delightful hair dressing, free from oil or grease or sticky substances. Try it and be convinced of its actual merit. Sold by leading druggists. ## SONG MAY BE CALLED OFF

D. A. R. Wants Gov. Hadley to Consider Anthem They Decide Upon.

Jefferson City, Mo., Nov. 8.—Mrs. William G. Boyd, of St. Louis, regent of the St. Louis chapter, Daughters of the American Revolution, has written to Gov. Hadley to inform him that the state society at its meeting to be held at Cape Girardeau this week, will try out three proposed state songs, and requesting him to withhold any action in the matter until that time.

Mrs. Boyd is of the opinion that one of the three songs may prove just the thing that Gov. Hadley and his special committee is looking for.

Gov. Hadley said last night that no steps will be taken by his committee toward the selection of a state song from the scores of samples submitted until the Daughters of the American Revolution try out theirs.

If the song agreed upon by the society as the most suitable state anthem meets with the approval of the governor's special committee, then the contest which is waging among the poets and songsters of the state will be called off and no prize will be awarded.

## GAME IS PLENTIFUL

Wild Geese Literally Eating Up Farmer's Corn Crop.

E. W. Cottrell is back from Chamois, where he enjoyed a four days' outing, says the Jefferson City Post. He says game is more than plentiful down there—in fact, wild geese are doing considerable damage to corn in shock and on stalk.

Just before he left a farmer sent in a relief call to Chamois by telephone. A big flock of geese had landed in his corn field and made things look miserable. Unless relief was promptly forthcoming, Mr. Cottrell fears that this farmer will not have enough corn left to fatten the meat for his own table.

He says his brother-in-law went out yesterday morning and bagged seven geese in less than no time. Quail are also plentiful down that way, and Mr. Cottrell saw innumerable coveys of them from the train coming home.

He was somewhat unfortunate on his trip. He was not equipped with a hunter's license, consequently he was obliged to come home with empty hands.

MANY PEOPLE ARE ASTONISHED  
AT THE WONDERS BEING DONE.

The Root Juice demonstrations at Wilcox's drug store is causing much talk here in Sedalia. The scientist has hundreds of testimonials from people who were cured by the great remedy. The following letter from Logansport is a fair sample: "In the latter part of last winter, while the Root Juice people were in Logansport, I heard of many astonishing cures the remedy had made and was making, but I thought it was only talk. Finally, one of my neighbors got some of the medicine. She had suffered a long time with her stomach. After she had used the juice about two weeks I could hardly realize that she was the same woman. She had increased wonderfully in flesh, her complexion had cleared up and she was looking better than I had ever seen her, and her health continues to remain good. At that time my wife and daughter were sick. My wife's condition was so serious that she was unable to get out of bed without assistance. Her joints were sore, stiff and painful, her fingers and toes were cramped and almost useless, and my daughter was suffering very much with her stomach and her back. I got one of the circulars that came with my neighbor's medicine and after reading it over, I said to my wife, 'Mother, you and daughter must have some of that medicine. She tried to persuade me to leave it alone, as they tried so many things without any benefit, but I drove to town that same day and bought some of the Root Juice and some of the liniment that is used with it. After using the great medicine a few days my wife and daughter were out of pain and in a few weeks they were entirely cured, and their health is almost perfect now. I want every sick person to know just what the medicine did in my family. My name is George H. Scott, R. R. No. 4, Logansport, Ind." The scientist claims that Root Juice soon heals and tones the stomach, liver, kidneys and bowels. Many people claim that the first dose of the juice created marked improvement. We are informed that the demonstration will continue a few days at Wilcox's drug store. This remedy is sold for one dollar a bottle, or three bottles for two dollars and a half.

Lightning struck a large tree in front of R. W. Mitchell's home, 1217 South Kentucky avenue, at 3 o'clock Sunday afternoon, causing the tree to split in two parts. The stroke followed a fence adjacent, but did little other damage.

Lame back comes on suddenly and is extremely painful. It is caused by rheumatism of the muscles. Quick relief is afforded by applying Chamberlain's Liniment. Sold by all dealers.

### NOT A CANDIDATE NOW

Auditor Gordon Speaks in Regard to the Governorship.

"I am not an active candidate for governor now. I am simply trying to do my duty as state auditor of Missouri, and I find that that takes most of my time."

That was State Auditor J. P. Gordon's reply when asked by a reporter for the Cole County Democrat about the boom for governor which his friends have started recently.

"My chief ambition now is to run the auditor's office on thoroughly business principles and see to it that the money we all have to pay in taxes is not squandered or gobbled up by grafters."

"I may make enemies, but I am going to try to cut out every petty salaried graft the state now has to pay for. If that can be done the burdens on the taxpayers will be lessened materially. I am not a reformer, but am going to try to give the taxpayers a square deal while in office, no matter if it makes me enemies."

"I believe we democrats are going to eternally submerge the republicans in the state election, but we won't do it unless we get together. The republicans can't whip the democrats in Missouri, but when the dem-

ocrats take to knifing they whip each other."

### AN EASY AND HARMLESS WAY TO DARKEN THE HAIR

Who does not know of the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature graying, than sage and sulphur, if properly prepared. The Wyeth Chemical Company, 74 Cortlandt St., New York City, put up an ideal preparation of this kind, called Wyeth's Sage and Sulphur. It is sold by all leading druggists for 50c and \$1.00 a bottle, or is sent direct by the manufacturers upon receipt of price.

### Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system.

**THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

**THE ONE REMEDY** so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine or known composition. No counterfeiter is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistakes or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

MAN FELL THROUGH SKYLIGHT FIGHTING THE FLAMES SUNDAY.

### HE DIED FROM THE LOSS OF BLOOD

Building Is Destroyed—Guests Escape Unhurt With Their Belongings—Loss Estimated at Seven Thousand Dollars.

Rockport, Mo., Nov. 8.—Charles F. Bischof, chief of the fire department, lost his life Sunday morning while fighting a fire which destroyed the Chamberlain hotel.

In attempting to get upon the roof from a room window on the second floor he fell through a skylight and a piece of glass entered his left side, causing death from loss of blood before medical aid could reach him.

Bischof was a young man and unmarried. He was a prominent business man, being the junior member of the hardware firm of George L. Bischof & Son, and assistant general manager of the Rockport, Langdon & Northern railway.

L. A. Slocum, proprietor of the hotel, succeeded in saving most of the household effects and all of the guests escaped with their belongings. Dr. G. W. E. Chamberlain owned the building. The loss is estimated at \$7,000.

Reising, after his arrest, said his visit to the Sands home was purely an incident, and not by prearrangement. He did not know Hudson, and when the latter assaulted him he drew out his revolver and fired twice.

The witnesses to the shooting maintained a stubborn silence, declaring they did not know the name of the assailant. All are held for the coroner's inquest tomorrow.

"Captain Kidd's Millions" Still Are Safe on Oak Island.

Halifax, N. S., Nov. 8.—Farmer has attended an effort to wrest "Captain Kidd's millions" from their reputed resting place on Oak Island, which for 150 years has been the goal of hundreds of treasure seekers.

The latest attempt to secure this money, which has been carried on all summer by a party from New York, has met with no more success than has attended all previous attempts.

Members of the party arrived in the city Saturday from Chester and will remain for a few days endeavoring to dispose of some of the costly machinery they brought from New York to aid them in the search.

## FOAMED AT MOUTH

THREE-YEAR-OLD LAD WHO DIED OF HYDROPHOBIA IN KANSAS CITY.

### HE WAS BITTEN SEPTEMBER LAST

Did Not Attempt to Injure His Relatives, but Bit Himself and Foamed at the Mouth When Face Was Washed.

Kansas City, Mo., Nov. 8.—John Benson Willets, 3 years old, whose parents live in the Missouri river bottoms north of Kansas City, Kas., died a 10 o'clock Saturday night of hydrophobia, caused by the bite of a dog, believed to have been mad, which was inflicted last September. The father, A. M. Willets, was forced to move last summer by high water in the Missouri river. The family made its home at 2516 North Fifth street, Kansas City, Kas.

While the boy and his sister, Grace, 14 years old, were playing, September 9, in front of their home, a dog attacked the boy. The animal's teeth went through the child's hands. He also was bitten on the forehead. When the dog was beaten off by the sister the boy was badly lacerated.

Dr. T. C. Duncan, who lives in the neighborhood, treated the boy. The wounds healed, leaving only scars. Wednesday the father took the boy to a hay field on his place. That night the child began scratching his face and hands.

Mr. Willets thought that it was caused by irritation of scratches the child had received in the hay field. When an attempt was made to wash his face to ease his pain the boy began to foam at the mouth.

Later he exhibited symptoms declared to be the infallible ones in hydrophobic cases. He would stand rigidly on his heels, and, with his body forming a bow, would touch the floor with his head.

The boy did not attempt to bite members of the family in the paroxysms of the rabies, but inflicted wounds upon himself with his teeth.

### SECOND WEEK OF TRIAL

Public Interest Still Keen in the Steinheil Murder Hearing.

Paris, Nov. 8.—With the opening of the second week of the trial of Madame Steinheil, public interest is higher than ever. The prisoner, though haggard, was considerably calmer today.

Madame Antanzio, wife of one of M. Steinheil's models, and Dr. Archery, the Steinheil family physician, though called by the state, both testified in favor of the accused, the former insisting on the frenzied condition of the woman on the morning after the crime, and the doctor contradicting in the most categorical fashion the testimony attributed to him before the examining magistrate.

The physician declared emphatically that Madame Steinheil told him her husband was addicted to an infamous practice.

# You can afford an Edison Phonograph

The price places it within reach of all. No family is too poor to have an Edison Phonograph. No family is too rich to enjoy it. Nothing that money can buy will furnish a greater range of amusement for every dollar invested.

Mr. Edison intended that his Phonograph should be within reach of everyone. He wishes to see it in every home. Prices range from \$12.50 to \$125.00. No one can buy a Phonograph cheaper than you can. No one should pay more for it.

The Edison Phonograph in your home would give it something that it now lacks—entertainment of the best sort at a small cost, always available and suited to everyone.

Do not forget these things. Remember that they are found only in the Edison Phonograph, because no other sound-reproducing machine is so perfect and so faultless. None other is made by the inventor of the Phonograph idea as the Edison Phonograph is.

## Weak Women

No weak and ailing woman, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative is the Constitutional. The former, Dr. Shoop's Night Cure—is a topical salve; the latter, a suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the system, and the salve is a topical aid of all nerve, skin, glands, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed nerves, relieves heat, weakness and discharge, while the Restorative causes nervous excitement, gives renewed vigor and ambition, builds up wasted tissue, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets of gold—as a general tonic to the system. For positive local help, use as well

## GLADSHE'S WOMAN

ATCHISON GLOBE MAN'S DAUGHTER TRIES "DOWNTOWN" THREE DAYS.

### THEN WRITES HER "CONFESSION"

Document Contains No Campaign Material for Suffragettes—Scene Things for the Wives of Sedalia to Read.

Topeka, Kan., Nov. 8.—Miss Matel Howe, of Atchison, has made a confession that will throw consternation into the camp of the suffragettes, as it will win the plaudits of men who find life an endless and everlasting struggle to solve the bread question.

Miss Howe is the daughter of E. W. Howe, editor of the Atchison Globe. She is a young woman of fine discrimination and sense, but, better than that, she is honest and fair. She has a better opinion of men now and she is not ashamed to confess it.

Miss Howe and her father are chums. They have traveled much together, circling the globe two years ago. One evening she confided to him that she would like to work in the Globe office a few days, "just to get the hang of things" and see how a newspaper is made.

Miss Howe had the notion that men had the best of it in this world, and she resented the idea, but she was going to learn the truth, and she decided that a busy newspaper office was the place to get at the facts. She worked three days and went home and wrote her "confession."

"Now I have changed my mind and thank the fate that made me a woman," she said. "I no longer wonder that men are often irritable, nervous and cross. The men in my family can now come home, raise the roof, smash the furniture and scold me, and I will only smile sweetly and never notice it."

"Any man who can work in a down town office for ten or twelve hours a day and still keep his reason has a right to do anything he pleases when he gets home."

"If a woman wants a complete conception of what a man goes through every day of his life, just let her spend a few days working down town. It would be a good preparation for matrimony. Never again would she complain when her husband was cross."

It is learned that recently he has been negotiating for a mine at Miami, Ok. For two days he has seemed despondent, and he told a friend that he had been beaten out of some money.

Saturday morning a strange man and woman were seen in the house where Gannon roomed. Afterward his overcoat was missing, and he believed it was taken by them. In it were some valuable papers.

A mysterious phase of the crime is that he had no office rooms in the building in which the body was found.

BLUE BARREL FLOUR, FULL WEIGHT.

When she got to the office she was given a corner with some other reporters. She sat down and started a conversation, but they all answered in monosyllables.

In a few moments each one grabbed his or her hat and rushed out. They came back at various times, rushed in, dropped down at their machines and began to write at a rate that grated on the young woman's nerves.

When they finished their mad race with the typewriter they rushed out again. She tried to write, but the combined noise of half a dozen typewriters almost drove her mad. She left her little corner and wandered around. Nobody noticed her, and nobody recognized her, except with a brief nod.

Her father, busy writing editorials, did not say it in words, but his manner gave her to understand that he expected her to earn her salary. Always before they had stopped to talk. Then she was the proprietor's daughter; now she was one of the force.

"There was not a quiet place to be found for a moment," she said in relating her experience. "There was not a room where I could go and be alone for awhile, and away from the rush and the noise. The terrible hurry, hurry, hurry made me want to scream. How anyone could work at the tension that they all seemed to take as a matter of course was more than I could understand. There was not a suggestion of privacy for any one."

"Whenever I tried to write on my own typewriter, bang went two or three others right under my nose, and at the same terrible rate. And teams were rushing by and the telephones were always ringing."

"I went out to lunch and ate with about fifty men, all eating at the same rate the typewriters seemed to affect. I began to feel that if I could not be quiet for a moment and get away from the noise, confusion and

the people I should have a fit on the spot.

"In the afternoon a horrible earthquake sort of noise started from underneath. It was only the paper going to press, and nobody noticed it but me. It was too much and I grabbed my handpan. I could stand no more. I tore home. I went to my room and laughed out loud because I was alone. And then and there I decided that I was glad I was a woman and that I did not have to work in an office."

While in her room, with the door locked, Miss Howe sat down and thought of her long morning naps, of her quiet breakfast, her ease and comfort in her kimono, her ease and leisure through the day with her books, of the little work she did, and how she went about it slowly and as she pleased. When she wanted to see her friends she went to see them, and there was always the quiet peace and blessed privacy of home.

"It seems to me the most terrible thing in the world to be surrounded by noise and people all day long, and never able to get away from it," she said.

"Even the women who work at home and work hard, do their work in quiet, in peace and privacy. No woman who has never spent a day in a downtown office can understand the strain under which her husband works. So when I write a book on how to be happy, though married, I shall send the woman down town to an office for at least a week's work. I think she will have a good deal more sympathy for her husband and a good deal more patience when he is nervous and ready to fly to pieces if a door creaks."

## GAME LAW MONEY

SAID THE OCTOBER FEES WILL ADD \$20,000 TO STATE TREASURY.

### PETTIS COUNTY HAS HELPED OUT

Warden Jesse A. Tolerton and Deputies Are Pushing Prosecutions of Those Who Violate the Fish Statutes.

Jefferson City, Mo., Nov. 8.—The new game law seems to be working quite satisfactorily, judging from reports such as reach State Game and Fish Commissioner Jesse A. Tolerton.

While all the October license fees have not been reported to the state treasurer, yet about \$30,000 has already been received, and several thousand will undoubtedly be added.

There was a balance on the September collections of more than \$11,000 and it is probable that \$10,000 or \$12,000 will be collected for the present month.

The department will on January 1 have balance of above \$35,000 and this will be doubled during the year 1910. When the next legislature meets there will be a large balance in this fund and if properly applied it will go a long way toward restocking the depleted streams with food fish.

Until Commissioner Tolerton and his deputies began work no one had any idea of the extent to which the fish laws were being violated. In the southern part of the state they have destroyed more than 1,000 unlawful nets.

It is now quite plain why so many fine streams of water in this state have been practically barren for years. The fish simply had no chance to multiply, owing to the unlawful devices used for catching or killing them.

No doubt the next legislature will be asked to use a part of the surplus game fund for restocking these streams, and with laws enforced as they are now, money so expended will be thrown away. And if the present law, or something like it, is retained for a number of years, those who have looked into the working of such laws in other or older states say that not only will the fine streams of the state yield bounteous supplies of fish, but that game will increase and the field of sport will widen and more alluring than ever to those who keep within the law.

Very few violation of the game law have so far been reported, for the season proper only opened Nov. 1. The shipment of game is prohibited under the new law, and this is the trap that will most likely catch offenders should there be any.

## If Clocks Could Talk

What a lot of queer stories would be given to the world! What a tale the mantle clock in the parlor could tell—of courting and quarreling and kissing and making up. What a lot of good dinners the dining room clock has seen eaten, with never a mouthful for itself! And the dainty French clock in my lady's boudoir—how many secrets it must know! To be sure, all well behaved clocks hold their hands before their faces, but they must see everything just the same.

We have a collection of handsome and well behaved clocks—clocks that always tell the truth about time and that tell nothing else. We have clocks from \$1.00 and up. And don't forget to consult our expert optician, if you need glasses.

## DIED OF INJURIES

WILLIAM MOORE, WHO HAD ONE OF HIS HANDS CUT OFF BY A CIRCULAR SAW.

## LEAVES WIDOW AND SIX CHILDREN

Several Transfers of Realty in the Green Ridge Neighborhood—Mr. A. R. Ream Sells His Fine Home.

The Green Ridge Local News of November 5th prints the following: Wm. Moore, the plasterer of this city, who was noted in these columns some weeks ago as having nearly had one of his hands cut off by a circular saw, died at his home on Wednesday evening of this week, from the effects of the accident. Mr. Moore was thought to be doing as well as possible, but last week blood poison developed, and on Saturday the hand was amputated by Drs. Clabaugh & Ferguson in an effort to save his life. The effort was futile, however, and he died as above stated. He leaves a widow and six children to mourn their loss. The funeral was held on Thursday afternoon from the Baptist church and the remains interred in the new cemetery.

The real estate firm of Ream & Ridenour report the following transfers: A. R. Hellings sold his 240-acre farm four miles northwest of town to Cole Davis, of Clarence, Mo., for \$14,000; J. L. Barnes sold 120 acres, 1½ miles southeast of town, to W. R. Ray, of Clarence, Mo., at \$52.50 per acre; P. Detjen sold 260 acres, seven miles northwest to town, to W. A. Allgaier, of Lakeman, Mo., the price being \$55 per acre.

A. R. Ream, one of our prominent citizens, this week sold his fine home, consisting of half a block in the western part of town, to Judge E. R. Wilson, of the south side, the consideration being \$2,000. Judge Wilson and family are among Pettis county's very best citizens, and the Local-News gladly welcomes them to our town. Mr. Ream has not yet decided upon a location for the future.

Mr. and Mrs. George R. Shelly gave an enjoyable party yesterday afternoon in honor of the birthday of their daughter, Miss Lena. A large number of her young friends were present and an enjoyable time is reported. Mrs. Shelly was ably assisted by Mesdames Clabaugh and Willis.

R. A. Harkless, the popular Washington township auctioneer, informs us that he has leased his farm for a year to Mr. Wm. Morgan, and will shortly have a public sale of his personal property, after which he will move to Windsor and devote his time to the auction business.

Our old friend, "Uncle Tom" Nelson, writes us that he is again at the Confederate home at Higginsville for the winter. He sends regards to all his friends here.

Mrs. George Buchanan, of Sedalia, and Mrs. Laura Shafer, of Warrensburg, left this morning for their homes, after having attended the funeral of their brother, Wm. Moore.

The new 25-horse engine at the elevator is now installed and in operation.

## Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best.

Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

## VOTE ON LOCAL OPTION

Election to Be Held at Warrensburg December 9.

The local option election will be held Thursday, Dec. 9th, at which time the voters of Warrensburg will again determine whether or not they want saloons in this city, says the Warrensburg Star of Saturday.

At the adjourned session of the council Friday night after City Clerk Tyler had read the petition at length, the special committee composed of Councilmen Mayes, Foster and Campbell, and City Attorney McDonald, reported that the petition was in legal form and that it contained more than one-tenth of the names of the qualified voters of Warrensburg. It actually contained one-fourth or more.

Upon recommendation of this committee an ordinance was passed calling an election Dec. 9, publication of which is now being made in the Daily Star.

## CANDIDATE DROPPED DEAD

After He Had Been Elected In a Town That Voted "Dry."

Marion, O., Nov. 8.—The treasury of the village of Green Camp here, became depleted through the loss of liquor taxes following the prohibition wave and every member of the council resigned.

At last Tuesday's election there was but one candidate for the city council, Isaac Wynn, republican. He was elected by unanimous vote and Saturday dropped dead of heart disease.

## DEAD COMRADE'S WIDOW

Is Wedded by Rooksby, and Strange Army Pact Is Recalled.

Zanesville, Ohio, Nov. 8.—While serving as privates in the United States army in the Philippines, Herbert Rooksby and E. M. Follers made a compact that should one of them be killed in battle the other should care for his body and fall heir to his possessions.

Both passed through the war safely, however, and Rooksby was assigned to the United States engineer's office in this city, where he remained until quite recently.

Follers married and entered the custom service in the Philippines. Two years ago he died, and Saturday Zanesville friends received word that Rooksby and the widow of his dead friend were married a few days ago in Washington.

Attempt to Scrawl Note Fails, the Blood Flowing Too Rapidly—Autopsy Was Held in Kansas City.

Kansas City, Mo., Nov. 8.—An autopsy held Saturday on the body of Wm. O. Thornton, found dead in a pool of blood in a room in the Occidental hotel, and who was at first supposed to have been a victim of foul play, showed that death was due to the bursting of an artery in the left leg.

How long it required for Thornton to die is not known, but investigation at the rooming house disclosed the fact that the man realized when the artery burst that he was on the precipice of eternity and beyond aid of any kind.

## AUTO INTO RIVER

TOURING CAR WENT THROUGH OPEN DRAW OF BRIDGE LAST NIGHT.

## FOUR MEN AND 2 WOMEN VICTIMS

They Were Seen to Rise in the Water and Then Sink—Life Preservers at Hand, but Could Not Be Loosened.

Chicago, Ill., Nov. 8.—A big touring car with four passengers, two women and four men, plunged into an open draw at the Jackson boulevard bridge last night at 11 o'clock and all were drowned.

The accident was witnessed by Dr. A. E. Bertling, who, with his wife and a couple of friends, were in an

other automobile at the side of the boulevard, waiting for the bridge to be closed. None of the bodies have been recovered and their names are not known.

According to Dr. Bertling, there was no guard chain or policeman at the opening. He was barely able to see that the bridge was open, the night being foggy.

As the car dashed by him he shouted to the driver that the bridge was open. The chauffeur did not hear him, for the car did not slacken speed.

Dr. Bertling ran to the edge of the draw and in the darkness saw a man and woman struggling in the water below. They were screaming for help.

Dr. Bertling rushed to the bridge tender. He shouted to him to throw out life preservers. The man had them lashed to the side of his room and could not loosen them. He had no knife.

By this time the struggling persons were carried down the river in the swift current.

## NEWS OF THE RAIL

MERCHANTS WANT TO RUN CARS ON BRANCH OF UNION PACIFIC ROAD.

### COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Kansas is about to try an innovation in railway operation. The Union Pacific company owns a branch road running from Leavenworth west. It is in bad repair and the train service is poor.

The merchants of Leavenworth recently asked the company to establish a new train which would run into Leavenworth in the morning and out at night. The company said the traffic would not justify the additional expense.

Now the merchants have submitted a proposition to furnish a motor car themselves and operate it on the road in connection with the regular train service.

They have raised enough money to buy the car and they will even pay the cost of its operation if the company will agree to let it run on the track.

The revenue from the car is to be equally divided between the railroad and the men who furnish the car. The company has the proposition under advisement.

#### Shortage May Reach \$600,000.

The expert inquiry has proceeded sufficiently to indicate that the shortage of Charles L. Warriner, treasurer of the Big Four railway at Cincinnati, as previously estimated, is very small when compared to the amount actually diverted from the treasury.

The shortage, from present indications, may reach, if not exceed, \$600,000, it is feared. The speculations are said to extend over a period of eighteen years. It is alleged that Edward Cook, of Chicago, blackmailed him out of \$44,000, and Mrs. Jeanette T. Ford, also of Chicago, who obtained from Cook knowledge of Warriner's shortage, obtained \$49,000 from him.

#### Train Wreckers in Alabama.

Two attempts were made Sunday afternoon to wreck passenger trains on the Louisville & Nashville railroad below Bay Minette, Ala., where an obstruction—a bunch of cross ties—was hidden by a sharp curve. The engineer of train No. 1 reversed his engine, but not before he had run into the obstruction, causing slight damage to his engine.

Passenger train No. 5 was given the same reception three hours before. Bloodhounds were ordered to the scene.

#### Missouri Pacific Inspector Dies.

D. R. Anderson, an inspector for the Missouri Pacific railroad, died suddenly Sunday at his home in Mammoth Springs, Ark.

Mr. Anderson went there Saturday to spend Sunday with his family. He had run into the obstruction, causing slight damage to his engine.

Passenger train No. 5 was given

the same reception three hours before. Bloodhounds were ordered to the scene.

#### Fatal Freight Wreck.

Engineer Chauncey Green and Fireman Christopher Ryder were killed; F. O. Tracey, a brakeman, probably fatally hurt, and two other employees were slightly injured in a freight wreck on the Erie railroad, near Belmont, N. Y., Sunday.

#### A Missouri Brakeaman Killed.

M. Z. Roberts, 25 years old, of Stanberry, Mo., brakeman on the Wabash railway, was killed in the yards at Chillicothe, Mo., Sunday morning when he was caught between the drawbars of two freight cars while trying to make a coupling. Roberts was unmarried.

## THEY WANT TO FIND OUT

Geographical Society Is to Investigate Cook's Claims Independently.

Washington, Nov. 8.—The board of managers of the National Geographic society today appointed a committee to pass on the question of whether the north pole was discovered before 1909, meaning by that whether Dr. Cook's claims are true. The following compose the committee: J. Howard Gore, formerly professor of mathematics of George Washington university; Rear Admiral John E. Pillsbury, of the United States navy, and Dr. C. W. Willard Hayes, chief geologist of the geological survey.
